DETAILED ACTION

- A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 05/05/2009 has been entered.
- Claim 41 was amended. Claims 41-42, 45-48 and 50-60 as amended are currently pending with the application. Claim-60 was previously allowed.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

- Claims 41-42, 45-48 and 50-60 are allowed.

The amendment recites the positive step of treating the micro-structured substrate or the buffer layer forming the grooves that overcomes the prior art by Truchan et al (US 6,455,166). An updated detailed search did not result in any new prior art that either teaches or fairly suggest a method of making the superconductor by a combination of the method steps, components processed therein and having the specific microstructure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KALLAMBELLA VIJAYAKUMAR whose telephone number is (571)272-1324. The examiner can normally be reached on M-F 07-3.30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stanley Silverman can be reached on 5712721358. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
